

Year 2, 3 and 4
Term 3

Music

This will continue to be taught by Mrs Merton.

Computing

Exploring scratch, beebots and various ipad apps to understand algorithms and begin programming.

Literacy

We are... speakers, listeners, readers, writers and performers.

Fiction: Around the world in 80 days

Immersion Imitation Invention

Non-Fiction: Persuasive writing - travel brochures of different countries

PE

Tag Rugby

Catching and throwing skills

Dance

balancing and movement

Mathematics

Year 4 will explore multiplication and division further looking at efficient methods as well as developing their understanding of fractions and decimals.

Year 2/3 will improve their knowledge of multiplication and division and use these with different measures such as money.

Art

Exploring a range of medias to support cultural art

Religious Education

How should we live our lives?

Home Challenge:

To make a model of transport or your favourite scene from the story 'Around the World in 80 Days'

Spelling

To explore a range of spelling rules

Guided Reading

A range of texts building on the children's comprehension.

Geography/Science

The children will lead our topic deciding which different countries they would like to explore from around the world including the Americas.

On their journey the children will identify and compare different materials and the use of simple forces.

Come and explore all of the children's work through our interactive map and displays!
